Siddhi Adinath Shinde

Electronics and Computer Engineer
• Loni, Maharashtra +91-7517602876 shindesiddhi505@gmail.com

EDUCATION

- **Bachelor of Electronics and Computer Engineering** **Sep 2022 – Jun 2026**
  Pravara Rural Engineering College, Loni **| CGPA: 7.89**
- **Higher Secondary Certificate | Percentage: 80.83** **Mar 2022**
  B. S. K. P. Jr. College, Satral
- **Secondary School Certificate | Percentage: 89.60** **Mar 2020**
  Smt. K. N. K. P. Kanya Vidyalaya, Satral

SKILLS

- **Programming:** HTML, CSS, Java, JavaScript, SQL
- **Core Concepts:** Data Structures & Algorithm(DSA), Object-Oriented Programming(OOP), DBMS
- **Database:** MySQL
- **Tools & Technology:** Postman, Git & GitHub, Visual Studio Code, Eclipse
- **Soft Skills:** Communication, Adaptability, Teamwork, Problem Solving

INTERNSHIPS

- **Python Programmer Intern,** DevSkillHub Training and Consultancy **June 2024 - Jul 2024**
  Worked on Python-based projects involving data handling, automation scripts, and basic debugging using Git.
- **Java Full Stack Intern,** TechnoGrowth Software Solutions Pvt. Ltd. **Dec 2024 - Jan 2025**
  Gained hands on experience in full stack web development using Java, Spring Boot, HTML, CSS, JavaScript and MySQL.

PROJECTS

OOP Dictionary

- Developed an interactive OOP Dictionary web application using HTML, CSS, JavaScript, that provides clear explanations and code examples for all major OOP concepts.
- Implemented a responsive UI with search, auto-suggestions, and concept browsing to enhance learning experience.

Smart Online Voting System

- Developed a Python based voting system with login, vote tracking, admin controls, and interactive GUI using TKinter ensuring a user friendly voting experience and one-vote-per-user validation.
- Implemented voter validation and voting restrictions to prevent duplicate votes and ensure accurate vote tracking.

Blockchain Based Document Verification System

- Developed a Blockchain-based Document Verification System using Java, JSP, MySQL, SHA-256 hashing to securely store and verify academic and professional certificates.
- Implemented SHA-based hashing to maintain document integrity and support secure document verification.

CERTIFICATIONS

Web Development Assessment | Coding Raja technologies

- Assessed on web development concepts, focusing on page structure, styling principles and basic scripting logic.

Java Assessment | Learn Tube by CareerNinja

- Completed java concepts such as OOP, data structures, exception handling.
- Gained practical experience in writing and debugging Java code, with a strong understanding of basic concepts.

National Level Short Term Training Program on Java Full Stack with React JS and AI | Brain O Vision

- Gained insights into full stack development using java and modern front-end technologies with a focus on AI integration.
